INSTITUTE OF ENGINEERING AND TECHNOLOGY, DAVV INDORE

DEPARTMENT OF INFORMATION TECHNOLOGY

LAB ASSIGNMENT OF OPERATING SYSTEM

SUBJECT CODE: 4ITRC2

LAB ASSIGNMENT - 03

NAME: AAYUSH SAHU

ROLLNO: 23I4101

CLASS: BE 2ND YEAR

1. To find Largest of Three Numbers

```
Apr7 11:00

**Noxuser@ubundu12:~*

To run a command as administrator (user "root"), use "sudo <command>".

See "man sudo_root" for details.

**Vboxuser@ubundu12:-$ #!/bin/bash
echo "Enter three numbers: "
read num1 num2 num3
if [$num1 -gt $num2] && [$num1 -gt $num3]; then
echo "$num1 is the largest"
elif [$num2 -gt $num3]; then
echo "$num1 is the largest"
fi
Enter three numbers:
3 6 8
8 is the largest
vboxuser@ubundu12:-$
```

2. To find a year is leap year or not.

```
To run a command as administrator (user "root"), use "sudo <command>".

See "man sudo_root" for details.

vboxuser@ubundu12:~$ #!/bin/bash
echo "Enter a year: "
read year
if [ $(($year % 400)) -eq 0 ] || { [ $(($year % 100)) -ne 0 ] && [ $(($year % 4)) -eq 0 ]; }; then
echo "$year is a leap year."
else
echo "$year is not a leap year."
fi
Enter a year:
2023
2023 is not a leap year.
vboxuser@ubundu12:~$ 23
```

3. To input angles of a triangle and find out whether it is valid triangle or not

4. To check whether a character is alphabet, digit or special character.

```
vboxuser@ubundu12:~

In vboxuser@ubundu12:~

To run a command as administrator (user "root"), use "sudo <command>".

See "man sudo_root" for details.

vboxuser@ubundu12:~$ #!/bin/bash
echo "Enter a character: "
read char
if [[ "$char" =~ [a-zA-Z] ]]; then
echo "$char is an alphabet."
elif [[ "$char" =~ [0-9] ]]; then
echo "$char is a digit."
else
echo "$char is a special character."
fi
Enter a character:
RAhul
RAhul is an alphabet.
vboxuser@ubundu12:~$
```

5. To calculate profit or loss

```
vboxuser@ubundu12: ~
                                                                                                                                                                                            Q = - 0
                                        vboxuser@ubundu12: ~
                                                                                                                                                    vboxuser@ubundu12: ~
To run a command as administrator (user "root"), use "sudo <command>".
See "man sudo_root" for details.
vboxuser@ubundu12:~$ #!/bin/bash
 echo "Enter cost price:
echo "Enter cost price: "
read cost_price
echo "Enter selling price: "
read selling_price
if [ $selling_price -gt $cost_price ]; then
profit=$((selling_price - cost_price))
echo "Profit: $profit"
elif [ $cost_price -gt $selling_price ]; then
loss=$((cost_price - selling_price))
echo "Loss: $loss"
else
 else
  echo "No profit, no loss."
Enter cost price:
450
Enter selling price:
150
 Loss: 300
 vboxuser@ubundu12:~$
```

6. To print all even and odd number from 1 to 10

7. To print table of a given number

8. To find factorial of a given integer

```
vboxuser@ubundu12: ~
    vboxuser@ubundu12: ~ >
                                 vboxuser@ubundu12: ~
                                                              vboxuser@ubundu12: ~
                                                                                           vboxuser@ubundu12: ~ ×
                                                                                                                        vboxuser@ubundu12: ~ ×
To run a command as administrator (user "root"), use "sudo <command>".
See "man sudo_root" for details.
vboxuser@ubundu12:-$ #!/bin/bash
echo "Enter a number:
read num
fact=1
for ((i=1; i<=num; i++)); do
fact=$((fact * i))
done
echo "Factorial of $num is $fact"
Enter a number:
Factorial of 6 is 720
vboxuser@ubundu12:-$
```

9. To print sum of all even numbers from 1 to 10.

```
vboxuser@ubundu... × vboxuser@ubund... × vboxu
```

10. To print sum of digit of any number.

```
vboxuser@ubundu12: ~
                                                                                                                       Q =
                                                            vboxuser@ub... ×
